College Principal Dr.Balasubramanyam Reddy encouraged us to conduct many more programmes like Women’s Rights to educate students. All students have participated with double rate of excitement and made the programme success. Around 165 students have participated in this programme.

Programme Outcome

WINGS, Government Degree College conjointly have conducted this programme which has given a very good result. We came to know about Women's rights and responsibilities from this meeting. The students understood about the situations the women should fight for their rights and how we have to fight for them in a pleasant manner, told by us. The students were made aware of how they should never give up in fulfilling their responsibilities and behave accordingly.

They were taught that they should overcome all the pressures they have in the society. They should also know how to save themselves from the society. They also understood to lead a life with patience, maturity, skill, knowledge and peace. This programme undoubtedly educated not only the students but also all the women on their families too. This meeting also gave the knowledge about the existing laws, how to implement them at times of trouble and take them to the higher authorities very calmly and peacefully.

This meeting also said that to achieve women's rights women themselves have to struggle.

Dr. Varalakshmi also gave many examples from the puranas about women importance, how women were treated in those times and these examples created a deep impact on the students undoubtedly.

In this way this programme helped in a great way to create awareness among students, teachers and others.

2. A Report on “International Women’s Day”

International Women’s Day conducted in the local Government Degree College on 07.03.2018 has given a great out come.

This meeting has become a stage for creating awareness towards saving women themselves from all the attacks violence being done in the society. This meeting has given a platform to the women to raise their voice to speak up the injustice done to them courageously. Not only has that but also by depicting many successful women biopics and introducing such women helped the students to develop a very strong self confidence in them.

This created new thinking power in the mental conscious of the students and women Indian successful women and strong women with many innovative ideas who have come from a very low background have created these places on the student’s heavily.

We can truly say that programmes like these actually made way to all the new thoughts and confidence in the field of opportunities waiting for women.
